

On behalf of my husband and I, I wanted to thank all of the staff at Carbis bay hotel for making our wedding day truly magical and everything we could have dreamed of. Our every needs were attended to, and having exclusive use of the hotel meant that everyone could relax and be themselves, it was like home from home. Cara, Peter and James stand out completely.... They were all truly amazing and couldn't have done anymore to make us feel welcome, and made sure our special day went without any problems. Cara particularly should be complemented on her event planning skills.... She was brilliant in every way and so thoughtful - we even had food put in our room on the evening of the wedding incase we were hungry. The head chef and his team produced the most amazing food for our entire stay (and even put together and dressed our cheese cake which was magnificent). We couldn't have asked for anymore, your venue and staff gave us our fairytale wedding..... We will definitely be back for our wedding anniversary. Many thanks again from Mr & Mrs Bristow
