September 22nd 2015.

Dear Mr and Mrs Baker,

I am writing to thank you for allowing the committee to hold a fundraising event on the beach this summer. The pebble and paper plate decorating was very successful and raised just under £200. We were delighted with the outcome, not just the amount raised but also the opportunity to draw attention to the work of the charity and to perhaps recruit some future fundraisers. The children (and some adults) appeared to enjoy making a memento of their visit and most planned to make an entry in their holiday diary and to include the "We support the Cove sticker" which we gave to each child who took part.

The committee members who took part all enjoyed the opportunity to do something rather different and to meet so many creative young people.

I would also like to thank your staff for their help and advice, especially Michael, whose local knowledge of the beach was invaluable.

Yours sincerely

Jennie Gill

Chair, Hayle Macmillan Cancer Support Fundraising Committee
