

To The Carbis Bay Hotel,

28/9/15

To all the fabulous staff at the hotel, my husband and I wanted to say a massive 'thankyou' for making our honeymoon so perfect. We stayed with you on 14th Sept, for 2 nights. From start to finish, absolutely every part of our time with you, was wonderful. The room was very chic + stylish. Just want to thank you the welcome from the front of house for being so kind, staff, when we arrived was great. The food was absolutely exquisite, it makes me so happy and I'm a professional chef, when you come to mind! so whenever I eat out I'm always uber critical, and when I cook at home, I'm the same. (It's a chef thing!!) We were both enamoured and overwhelmed with not only the quality and choice of the food, but the excellence of skill in how it was cooked and presented was perfect. The cod with crab, chorizo and samphire, I think was my favourite main course. The chocolate fondant was perfection on a plate, pure perfection. Was worth

②

The eleven minutes cooking time. 😊 The restaurant staff were wonderful too, polite, courteous, great efficient service, very quick service also.

My husband and I have stayed in many hotels around the world, and dined in 10s of different restaurants, including Michelin starred ones. I believe, from a professional opinion that your food should be an ever higher rated red rosette, and was surprised it wasn't.

The ambience, location and calm feel of the hotel was fabulous. The gardens beautiful. In the restaurant of yours down by the beach, the Cosmopolitan cocktails were yum, and the chicken and chilli pizza was gorgeous.

We may have only had two days with you but because we had luxury, beautiful food, and a stunning location, all the staff made us feel very special and thoroughly pampered; it felt like longer. Thank you all from Mr and Mrs James Tonks, x Room 201
