

Sunday the 20th of August 2017

The 2017 Dave Curnow Memorial Ride / Charity Fundraising Event in aid of The Rifles Regimental Charity, 'Care for Casualties' & 'Spring Intensive Care Charity', Pencarrow Ward, Derriford Hospital, Devon.

Funds collected to date (Monday 25th September 2017) is: £1,723:44 and still slowly climbing as participants are still donating via the Just Giving Pages set up in order to purchase photographs taken by professional photographers arranged to cover the event.

Motorcycles, mopeds, scooters & trikes assemble in Redruth, Cornwall to remember Rifleman Dave Curnow who was taken away from us far too early and to show their support for all his family.

Unfortunately this also happened to be one of the worst days in Cornish Summer Meteorological history, leaving participants having to face heavy rain, wind and fog . . . basically a bikers worst nightmare in terms of riding conditions especially as the week prior the weather had been glorious making the road surfaces slippery, greasy & in places very muddy.

Being one of the organizers for Dave's ride, I received a call from the local radio station (Pirate FM) 2 hours prior to the event just to confirm whether or not the event was still taking place given the predicted weather conditions.

Unable to postpone at such short notice the ride went ahead and this is our day summarized in little over 15 minutes.

On behalf of Dave's family and myself, I would like to take this opportunity to thank you for your kind generosity & donating to this event. Your donation was greatly appreciated and helped raise some much needed funds for these worthy charities.

Kind regards,

Dave Goodland,
