

Hello I visited the Spa yesterday with a group of friends and we had a lovely time. I had the wonderful 'Head in the clouds' treatment followed by a manicure. But what I was most impressed by was Laura, her attention to detail was superb. She was really professional and I felt really looked after and spoilt! Nothing was too much trouble.

I'm a busy working mum with three children and so it felt good to come away feeling so relaxed. Something I haven't felt in a long time!

Many thanks again

Holly Williams
