

Dear Carbis Bay Hotel team

I attended a Chamber of Commerce networking lunch earlier today, and I just wanted to drop you a line to praise the whole experience.

In particular, as a vegetarian please pass on my thanks to the chef – a real joy – the vegetarian option was full of imagination, visual appeal and flavour – I'm sorry to say not always my experience.

And finally, my colleague is visually impaired and she felt very comfortable with plenty of considerations for someone with sight loss – perhaps some the considerations may not have been intentional so it worth knowing that the Hotel and the staff are very 'VI friendly' – a further plus to your endeavours.

Overall a joyful experience... (and the best Chamber lunch to-date!)
